

Packed With Extras

There is so much to like about this 4 bedroom home packed with extras. Starting with a sparkling new kitchen with stainless steel appliances, ducted heating and cooling, separate gas heater and a split system air conditioner in large master bedroom. A versatile three way bathroom allows for a busy family rushing to get to work/school. There is even a security system and motorised indoor blinds. Energy bills will be reduced by solar panels to the grid locked in at a massive 66 cents per kwh until November 2024. With an abundance of shedding with extra large high opening double garage with three phase power plus separate workshop the tradesperson or hobbyist is well catered for. The power board and other wiring in the house has also been upgraded to new safety standards. There is an enclosed carport area which can also be used for indoor/outdoor entertainment and a toilet behind the garage for convenience when entertaining outdoors or working in the sheds. The garden being low maintenance allows plenty of time for leisure. For inspection contact Dennis van Reyk on **0409 524 780 at VAN REYK REAL ESTATE BAIRNSDALE.**
